

Our School Community shares a vision of Gaer Infant School as a caring child centred environment in which all the pupils achieve their full potential, and where everyone works together in harmony, trust and mutual respect: and of a school which exceeds the expectations of the community, prepares the children to take a full place in society, and feels valued for its contribution.

Savings Club : Credit Union

Both schools in conjunction with the community centre are starting a savings club for children. On a Friday afternoon, two volunteers from the Gaer Community Network will bank the children's savings: the children can bank as little or as much as they want. All children who start to save will be given a free piggy bank donated by the Gaer Community Network. This is an excellent opportunity for us to encourage the children to save and the start of finance education for them. Please note that the children will not be able to withdraw their savings until their seventh birthday.

The savings club will start after half term every Friday after school in the school hall.
